Record
of the service of
Chelmsford Soldiers and Sailors
who served in the
Civil War.
1861 – 1865.

This record of the service of the men who served in the Army or Navy in the Civil War is prepared in accordance with a vote of the town.

The names of the soldiers, and other data, as recorded by the Selectmen at the time of the war, have been carefully verified, by the chairman of the committee, from the official records of the State at the Adjutant Generals' office.

In addition to the service is given the place of birth and names of parents, when obtainable, in order to aid identification in future, and the place of residence when other than Chelmsford. Residents of Chelmsford who served to the credit of other towns or cities are included, the name of such town or city being given

A summary of the list shows that 218 served to the credit of the town in the army and 23 in the navy, not including 3 who were rejected after being mustered in, and 10 who who were credited elsewhere. Of the number 25 were killed, or died, in the service.

Of those who served in the regular army the record is unsatisfactory as the authorities at Washington decline to furnish necessary information. In such cases the personal statement of the veteran is taken when it can be obtained.

We are aware of imperfections in the work unavoidable where official records are often erroneous. No pains has, however, been spared to secure the greatest possible accuracy, that no unnecessary injustice be done to any who risked life and health in support of that cause.

Henry S. Perham
Chairman of Committee

March 1899.

Abbott, George A.
mustered in Aug. 11. 1862. for 3 years
